

Product Datasheet

CF4.2S (Overprintable Holographic Cold Foils)

Main Characteristics	<p>Seamless Holographic effect with various patterns. Please refer to Univacco Holographic brochure for more patterns.</p> <p>Excellent board coverage performance</p> <p>Suitable for inside(reverse) printing</p> <p>High operating speed and well suitable for our recommended UV-Adhesive</p>		
Recommended Applications	<p>Applicable on suitably modified reel-to-reel label presses with cold foil unit, ex. Gallus, Mark Andy, Nilpeter....presses</p> <p>Applicable on a wide range of substrate such as non-absorbent surface papers and all types of label stock, ex. PP, PE.....</p>		
Operating Hints	<p>UV adhesive weight: Label films:3.0~6.0 g/m²; Non-absorbent paper:6.0~8.0g/m²</p> <p>UV lamp output: Higher 230W/cm (600 W/inch); Running speed: 40M – 100M /per minute</p> <p>Ensure that you use an appropriate adhesive, ex. Flint XSYS、Paragon、JS、Northwest、Select、Sun Chemical...cold foil UV adhesives</p> <p>Ensure the hardness of nip roller is between 85 to 90 shore A hardness; Adjust the adhesive lay-down to suit the substrate</p>		
Standard roll format	<p>16u x 630mm x Length for general</p> <p>Other roll formats are available to order - please enquire.</p>		
Shelf life and Storage	<p>Use <i>Univacco</i> product within one year after production</p> <p>Keep <i>Univacco</i> product in its original package and away from high temperature, sunlight exposure and humidity.</p> <p>Jumbo rolls should be suspended horizontally and avoid direct contact with the ground or other items.</p>		
Issue Number	A.1	Date	2014/12/23

All UNIVACCO products have been developed for a particular range of applications. However, experience shows that substrates, printing equipment and operating conditions can vary, and users of our products are urged to verify, by means of test printing, that particular grades are appropriate for their specific applications. For this purpose, test samples are available on request. If you need help, UNIVACCO will be happy to assist. All information and recommendations are given by us in good faith, on the basis of practical experience, but without warranty.
