<b>Issue Number</b>	<b>A.3</b>
<b>Date</b>	<b>2015/07/17</b>

All UNIVACCO products have been developed for a particular range of applications. However, experience shows that substrates, printing equipment and operating conditions can vary, and users of our products are urged to verify, by means of test printing, that particular grades are appropriate for their specific applications. For this purpose, test samples are available on request. If you need help, UNIVACCO will be happy to assist. All information and recommendations are given by us in good faith, on the basis of practical experience, but without warranty.
